CARJIE SCOTT

WELCOME!

waves hello and shakes hand

Hello there!

Pleased to e-meet you. I'm Carjie Scott. I work to reform post-secondary education. My calling is to provide all students with equitable access.

What do students want access to? To a quality education, to life skills training, to resources while enrolled in school, to a supportive alumni base, to careers post graduation and continuing education opportunities.

Where do I provide access? Primarily in West Tennessee. I've built relationships at post-secondary education institutions and government entities in the State of TN: Christian Brothers University, Vatterott Career College, TN Achieves, Memphis College Consortium, Vanderbilt University, and Meharry Medical College, just to name a few.
